

COMPATIBILITY CHART

OUR INKJET PAPER SOLUTIONS

ARJOWIGGINS GRAPHIC, the European leader in innovative and environmental paper solutions continues to lead the market with an exciting range of premium eco-friendly papers, engineered specifically for full-colour inkjet printing.

Exceptional print results

- > High colour density
- > Excellent reproduction of logos and barcodes
- > Optimised for quick water absorption and fast drying
- > Excellent running properties
- > Suitable for in-line post-processing

Unparalleled environmental standard

Our inkjet range is made from 100% recovered papers and manufactured to the most stringent environmental certifications.

PRODUCTS
